

# THE PSYCHOLOGY OF

Color psychology has been around for decades, and is used in everything from product packaging to restaurant wall colors. Color can have an immense impact on our thoughts, emotions, and behavior in everyday life.

So what does your favorite color say about you?

If **red** is your color, you may be somewhat:

- Bold
- A thrill-seeker
- An adventure-lover
- Potentially impulsive
- Perceived as intimidating

If **green** is your scene, you may be:

- Practical
- Down-to-earth
- Someone who loves to give advice
- Thoroughly enjoys helping others
- Outdoorsy; loves balance in life
- The type who analyzes first
- A problem-solver

If you're into **orange** you may project that you're:

- Full of fun and playful energy that people admire
- Social, maybe even an extrovert
- Nurturing
- One who enjoys deep conversation
- Cheerful
- Into being the host at parties or events
- The type who likes to dive in and get'er done

**yellow** isn't always mellow! You may be:

- Positive spirited
- Optimistic
- Cheerful and bubbly
- Full of infectious smiles and happiness
- Adventurous
- Calming for those around you

Is **purple** your fave? You might:

- Be very quick-witted
- Crave your own identity
- Love unique things
- Enjoy standing out from the pack
- Dance to the music no one else can hear
- Thrive on creativity
- Be randomly inspired and focused
