Dear Customers,

We continue to monitor the COVID-19 (Coronavirus) pandemic. We are following the latest guidance from the Public Health Agency of Canada, the Center for Disease Control (USA), the World Health Organization, and local public health officials. Our primary objective is the health and well-being of our employees, our customers, and our community. Our secondary objective is to maintain all business operations, as is reasonably possible. We are calm and taking reasonable steps to achieve these two objectives. At this time, Friesens operations and production lines are running at full capacity.

This is a challenging season for all of us, we value our relationship and as we move forward through this tumultuous time we want to do so in an open and safe manner. As this situation is evolving quickly, we encourage you to be in regular communication with your sales and service representatives from Friesens.

Thank you for your business and your care.  
Sincerely,

Byron Loepky  
Senior Vice President of Books
